How to Use This Kit

Hi there, friends! It's me — Happy Elf!

I'm so excited you're getting ready for the elves' big return. This planner was made straight from the North Pole Workshop to help your family prepare, play, and fill your home with Christmas Magic. 🎄 ✨

Here's how to make the most of it:

🎁 Step 1: Read the Welcome Notes

Start with the letters from the Mentor Elves and Mrs. Claus. They'll tell you everything you need to know about the Magic of Generosity, Wonder, Kindness, and Love — and remind you that this season is about joy, not perfection.

🧝 Step 2: Meet Your Mentor Elves

Learn about Auri, Lyra, Nova, and Amara — each one has a special gift to share! See which Elf your family connects with most (or take turns learning from all four).

🎄 Step 3: Complete the 3 Days of Elf Readiness

Use the countdown page to prepare for your elf's arrival. These tiny acts of kindness and creativity help your family "raise the Magic Meter" before the elves even land!

✍️ Step 4: Write Your Letter to the Elves

This is one of my favorite pages! Take time to think about the good things that happened this year and ways you made others smile. It helps the elves know just how much Christmas Magic you've already shared.

❤️ Step 5: Keep the Magic Going!

Once your elf returns, continue spreading smiles! You can find more stories, daily activities, and Magic-raising ideas in:

- [The Christmas Magic Meter App](#) 📱
- [The Elf Planner](#) ✨
- [The Christmas Magic Gift Box](#) 🎁

They're all designed to help you live out the Santa Legacy all season long — and beyond.

So grab your cocoa, get cozy, and have fun creating your own traditions.

The Magic is already growing... and it all starts right here.

With jingles and joy,
Happy Elf 🍷❤️✨

Welcome from the Mentor Elves

Dear Friends,

We've been watching the lights flicker brighter here at the North Pole — and that can only mean one thing... Christmas Magic is on the rise!

Before the sleigh bells ring and the snowflakes swirl, we wanted to stop by and say hello. We're the Magic Mentor Elves — helpers, teachers, and keepers of the Magic that shines through Generosity, Wonder, Kindness, and Love.

- 🧡 Auri reminds families that Generosity fills the world with warmth.
- 💙 Lyra helps everyone rediscover Wonder in the smallest moments.
- 💚 Nova plants seeds of Kindness that grow into something beautiful.
- ❤️ Amara spreads Love, the Magic that ties it all together.

Together, we help Santa and Mrs. Claus keep the Christmas Magic shining — not by watching or judging, but by teaching and inspiring.

This little Readiness Kit will help your family prepare for the elves' return, fill the air with laughter, and make sure your home is ready for another season of smiles, joy, and Christmas Magic.

Let's make this year the most magical one yet!

With jingles and joy,
The Magic Mentor Elves

🌟 Auri, Lyra, Nova & Amara 🌟

A Note from Mrs. Claus

My dear friends,

Every year around this time, the North Pole hums with excitement. The cocoa is warm, the reindeer are restless, and the elves are bustling about with bright eyes and full hearts.

This season, as your family welcomes your elf back, I hope you'll remember: the greatest Magic doesn't come from the decorations or the presents — it comes from the love that fills your home. 🌟

The Mentor Elves are there to help remind you of that truth. Each one carries a piece of Santa's Legacy — the gifts of Generosity, Wonder, Kindness, and Love — and they'll be watching for moments when your family helps that Magic grow.

Take time to laugh, to dream, to share, and to notice the beauty all around you. That's how you raise the Magic Meter... and your own spirits too.

With all my love and a sprinkle of snowflake sparkle,
Mrs. Claus ❄️💕
