

How I Made Christmas Magic This Summer

A Family Keepsake Activity Book

Created with love by The Santa Legacy™

A Note from Santa & Mrs. Claus

Dear Friends,

Christmas Magic isn't something we wait for.

It isn't tucked away with the ornaments or packed in the attic until December.

Christmas Magic grows every time we choose kindness, notice wonder, share generously, and let others know they are loved.

This booklet is a chance to pause and remember the Magic you've helped create this summer.

There are no right answers.

No perfect words.

No grades.

Just stories worth remembering.

With love,

Santa & Mrs. Claus

Ages 4–5 Letter Instructions

For Grown-Ups

Invite your child to tell you about the ways they helped others this summer. They can draw pictures, tell stories, point to ideas, or answer your questions. You may write down their words exactly as they say them.

The goal isn't neat handwriting or perfect spelling.

The goal is helping them begin to see themselves as someone who creates Christmas Magic.

Ask questions like:

- Who did you help?
- When did you make someone smile?
- What made you feel proud?
- What was something kind you did?

You may be surprised by what they remember.
